I have some RCA 3C33 tubes that I cannot find any info as to ratings or intended application. I would like to incorporate them into an HF transmitter using only triodes. If anyone has any info they can share I will be indebted. THANKS in advance!

Hi

My name is Andrew Wolf, my wife Sarah and I are working on our ham licenses.

We have a Heathkit HW101 and a Heathkit HA-12 amplifier

I would like to get manuals for the HW101 and its power supply

I would like to get a manual for the HA-12, and I need help on this as we do not have the power supply for the HA-12, know where I can get one, or failing that how to build one

Thanks in advance

Andrew Wolf
